This online eLearning award allows you the flexibility to complete the qualification in your own time.

The Football Leaders Award will provide a basic and engaging introduction to the organisation of football practices in a fun, safe environment with an emphasis on engaging with the young players of today.

The award provides learners with an opportunity to discover and consider the technical and social support that we, as coaches, can provide to our players, discussing various practical aspects. These include: the importance of area size, practice transitions, progressions and regressions, as well as ensuring the learner takes a closer look at themselves, their role as a coach, and how they currently share the messages they provide players.

This course is solely online, can be completed in your own time and will not require attendance at a Practical Day.

Please Note: All FAW Coach Education awards require candidates to be a minimum age of 16 before accessing any of our resources, modules or practical contact days.
